SAINT PATRICK'S DAY

Saint Patrick's Day, or the Feast of Saint Patrick, is a cultural and religious celebration held on the 17th of March to commemorate the life of Saint Patrick and the arrival of Christianity in Ireland while celebrating the heritage and culture of Ireland in general. Celebrations involve public parades, festivals and the wearing of green attire or shamrocks.

CORNAVIRUS REMEMBRANCE

As COVID-19 hits the year mark it is slowly becoming a norm for us. Wearing masks and distancing is something we are doing routinely. Unfortunately, over 2,435,991 lives have been taken by a coronavirus. Things seem to be looking up with the COVID-19 vaccinations (27 million have received the first dose and 6 million fully in the US). Fortunately, 85 million have recovered and are immune to the virus. We are learning more about the virus every day and hopefully soon we will be back to our regular normal.

WOMEN'S HISTORY MONTH

During the month of March, we celebrate or reflect on contributions made by women. Women's history month began as a local celebration in Santa Rosa, California. The organizers selected the week of March 8th to correspond with International Women's Day. Subsequent Presidents continued to proclaim a National Women's History Week in March until 1987 when Congress passed Public Law 100-9, designating March as "Women's History Month."
