M.I.X. & S.T.I.R.

The Riviera Middle School
M.I.X. - S.T.I.R. Magnet Programs
10301 SW 48 Street, Miami, FL 33165

OUR MAGNET PROGRAMS

We proudly offer two exciting magnet programs that help develop each child's academic, technological, social, physical, and emotional potential in a supportive/collaborative environment that creates lifelong learners in a multicultural and changing world.

Multimedia Industry eXperience

The Multimedia Industry eXperience (M.I.X.) magnet program offers STEM opportunities by giving students the chance to experience various areas of study contained within the fields of digital media and art.

Skills learned in M.I.X. include:

- 2D/3D Animation Studio Art
- 3D Modeling
- Film
- Game Development
- Graphic Design
- Studio Art

Science Technology Investigative Research

The Science Technology Investigative Research (S.T.I.R.) magnet program offers STEM opportunities in scientific research, through hands-on investigation of real-world issues in various science-related fields.

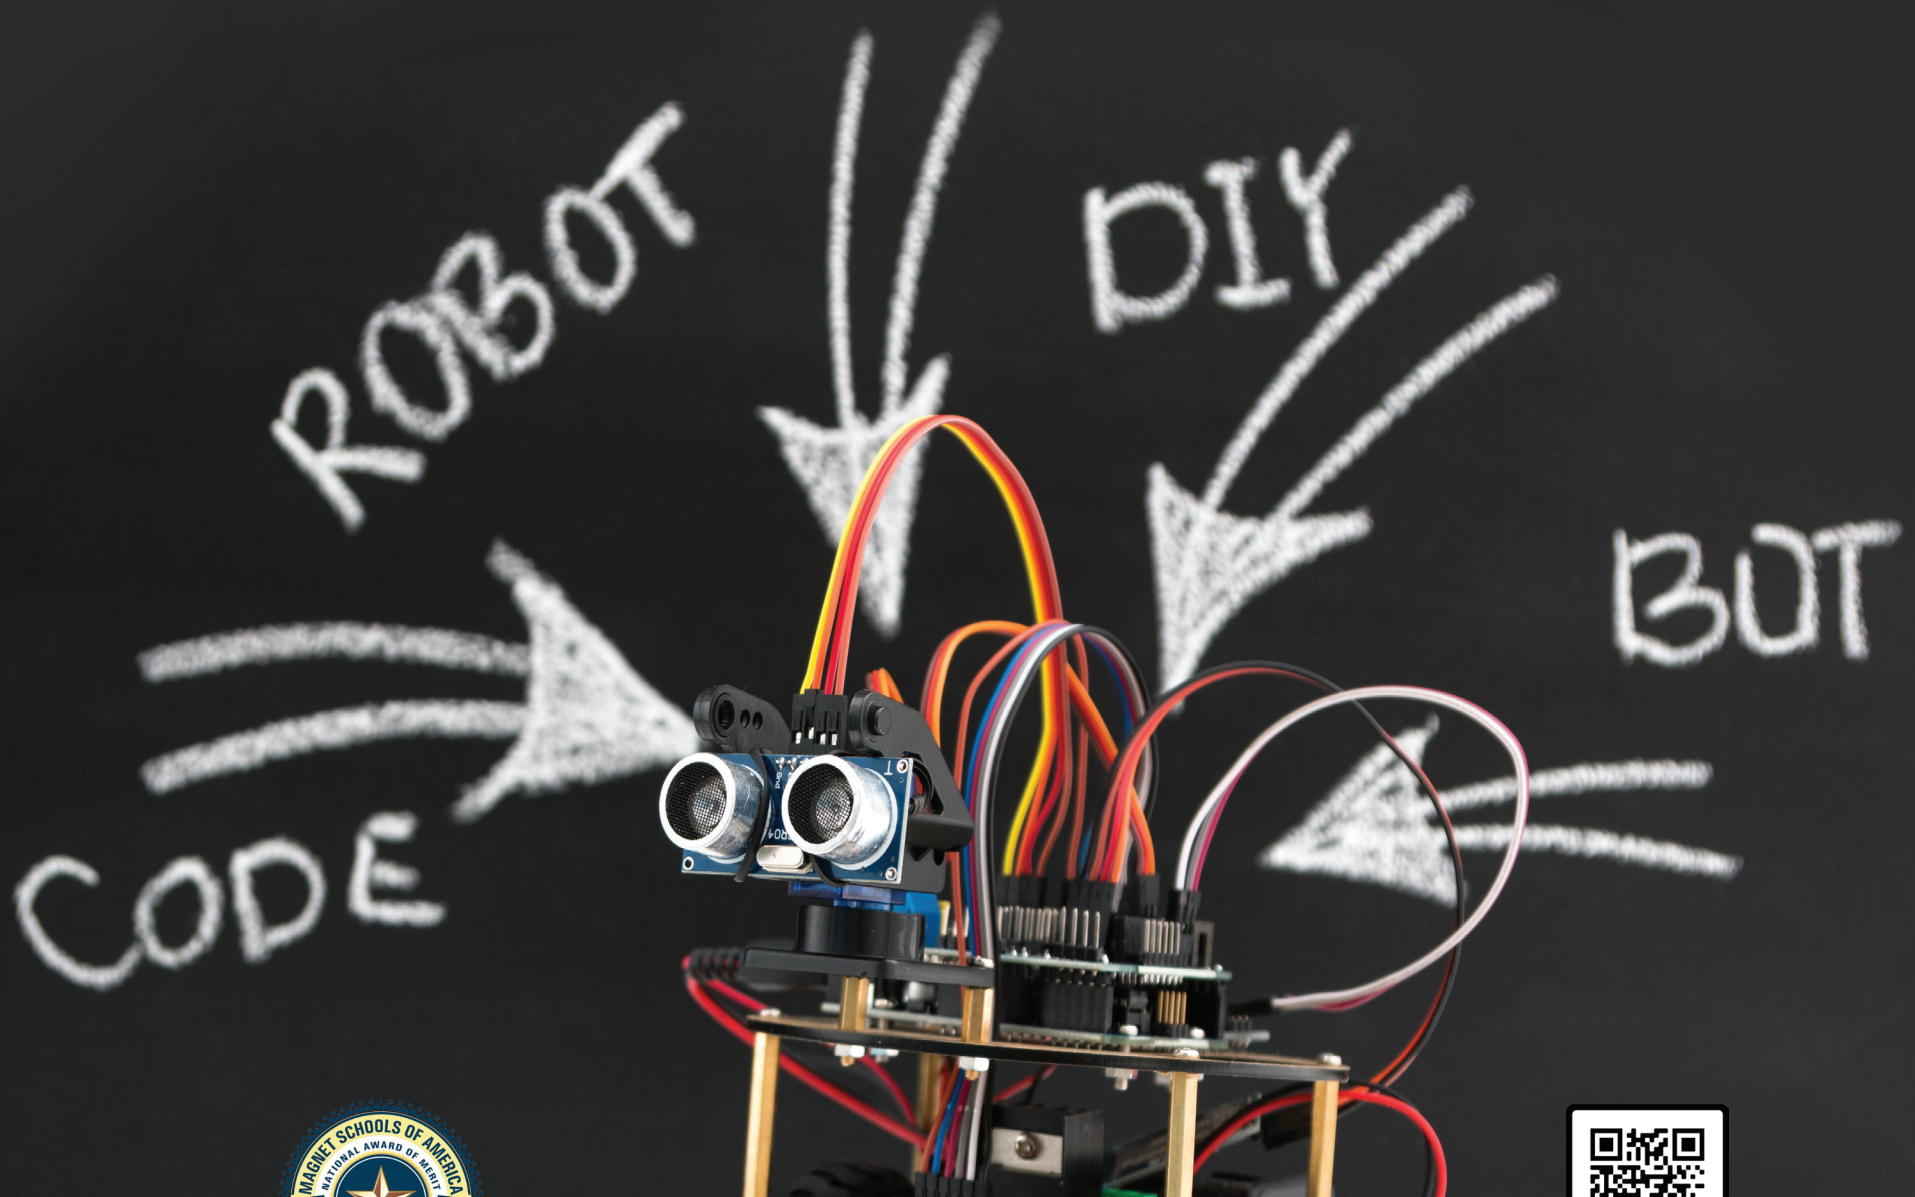

Skills learned in S.T.I.R. include:

- Coding
- Computer Science Discoveries
- STEM Environmental Science
- STEM Life Science
- STEM Astronomy & Space Science
- Robotics
